FRIDAY, APRIL 16, 1869.

CONGRESS adjourned last Saturday for the good of the country.

The United States Senate, on Tuesday, rejected the Alabama treaty by 54 to 1.

The Philadelphia *Age* appears in a new and very neat dress. The *Age* is not only one of the best, but also one of the handsomest papers in the country.

At the election in Albany, New York, on Tuesday, the Democratic ticket was successful by majorities ranging from 500 to 2,360. There is hope for white men yet.

The Louisville *Journalists*: "Gen. Longstreet's cause was defeated in the war. He accepted the situation. He has been offered the New Orleans supercession. Again he accepts the situation."

It is said to be definitely settled now that Motley is to go to England. He accepted the situation. He has been offered the New Orleans supercession. Again he accepts the situation?"

The election took place in Trenton, New Jersey, on Monday last, and resulted in the election of the Democratic candidate for Mayor by a majority of four hundred and forty. The Democrats will also have a large majority in the councils. Trenton is an unattractive place for Radicals.

A strong man, Bazzell, of Philadelphia, has been appointed Minister to Hayti by President Grant. Are there not white men enough in the country to fill offices? Surely colored white men should be represented everywhere by white men. Grant seems to have become the model of the negro-worshipers.

In spite of Ashey's bold and unblushing exposure of Unionists recently he has been confirmed as Governor of Montana. It is said Grand and his friends, the resolution was lost, and on account of the size and may it appear that the Republicans to a man voted against it, while the Democrats all voted for it.

The debate between the Radicals and the carpet-baggers put him through.

WHEREVER the Radicals have controlled State legislatures, corruption and rascality are the order of the day. The Republican Governor of Illinois has been compelled to vote more than forty bills, which were so outrageously unfair for his interference, Gov. Hoffman of New York, has also vetoed quite a number of imprudent enactments. If Henry had done half the forthcoming volume of panic-laws in this State would be much thinner than it promises to be.

Garrison-appointed Puechuck, a turbulent negro rowdy, Register of the Land Office at New Orleans. It is supposed this was done as an effort to nominate the Radical relativity. The N. Y. Tribune thinks the negro appointed is unfit for the position. Not long since he made a violent speech to the negroes in which he threatened to lay New Orleans in ashes. That he has got a fat office, he may adopt Grant's motto and say, "Let us have peace."

A work was taken in the lower House of our Legislature the other day on a proposition to amend the Constitution of Pennsylvania, as to allow females to vote on the same terms as males. It was unanimously voted down. The Radicals are ready to let every ignorant and degraded negro vote, but refuse the right of suffrage to the intelligent white women of the State. We are opposed to any indefinite extension of the elective franchise, but would infinitely prefer to see it granted to intelligent white women than to ignorant and degraded negroes. The Radicals are of a different mind.

Such is the Lancaster *Intelligencer*'s view, and we concur in it.

The Indiana Legislature is not yet organized. The Democrats, having sustained by the people, are resolved not to permit the present Legislature to endorse the Fifteenth Amendment. They have the power to force its submission to a vote of the people of the whole State, and are determined to do so. Right.

A dispute from Indianapolis dated the 12th says that the Democratic members were sworn in on that day, and on motion of a Republican member a resolution was adopted to postpone the negro suffrage amendment until the 1st of May. The necessary legislation can be completed in the meantime, and if the Republicans fail in forcing the bill off the table, they will be compelled to re-adopt it.

ANOTHER OF GRANT'S BLUNDER.

Grant has again made himself a laughing stock. On Friday he sent a proclamation to the Senate, ordering an extra session, for the consideration of appointments. The Washington correspondent of the New York *Herald* tells how it was received:

The Radicals of Congress, after receiving Grant's message urging the reconstruction of the States still kept out of the Union, passed a bill declaring that they would go in and form State Governments, in which white men and negroes should be held to be equal, and promising that they would then be received, provided they first ratified the Fifteenth Amendment.

They have the power to force its submission to a vote of the people, and are determined to do so. Right.

The Radicals are to force Negro Equality upon us in Pennsylvania and upon the people of every State, no matter how small a majority may be opposed to it. Do those who claim Jacobsins suppose that a law passed by such men will ever be rejected? This last act of Congress exceeds in meanness and unmitigated rascality anything which has yet been done under the policy of reconstruction. It is simply infamous.

During a debate in the Rump House, a few days since, Beard Butler assailed the brave old General Gillen, a man who was engaged in as many battles during the rebellion as any man in the army. General Gillen was a "Copperhead," said the great upholsterer. General G. was in command recently in Mississippi, and because he did not persecute, beat and insult white men, and give every impudent negro, he is a "Copperhead," in Beard Butler's opinion. Well, better be a "Copperhead" than a cowardly thief.—*Carlsbad Vol-**unteer*.

The Legislature adjourns to-day.

In the State Senate, on Wednesday week, Mr. Duncan, of this district, offered the following:

Resolved, By the Senate: (The House of Representatives concurring), That it is the general opinion of the Senate, and it is so ordered, to instruct the committee of the House of Representatives, to report a bill to the effect that the members of the house of commons, appointed by the Governor, under the laws of April the 15th, A.D. 1867, be not entitled to compensation for the services of the members of the parliament of Adams, Franklin, Fulton, Bedford, York, Franklin and Cumberland, whose property was destroyed, damaged or appropriated in the course of the service and in the common defence in the war to suppress the rebellion.

The resolution was subsequently amended by providing that two thousand dollars only be paid, and excluding from the bill the testimony taken.

On the resolution as amended, the yeas and nays were required by Mr. Duncan and Mr. Fisher, and were as follows, viz:

Yea—Messrs. Beck, Burnett, Davis,

Duncan, Jackson, Linneman, Mc-

Candless, M'Intire, Miller, Nagle, Rad-

dell, T. H. Wallace—16—39.

Demolition.

The more deserving Radicals of this

State are the hand-writing on the

wall.

The newspapers which

most strongly urged the ratification of the Fifteenth Amendment are shaking

with terror as old Balaam of old.

They know how wide-spread and

deep seated is the conviction in the

minds of the people of Pennsylvania

that the present Legislature had no

right to pass upon that question as

it did. The position taken by the

Democratic minority was so perfectly

just, so fair and honorable, so com-

pletely in accordance with the true

theory of our government, that the

Radical leaders feel they cannot hope

for success in the coming political

battle.

The resolution, which having passed, he might

next enter the office of Dr. W. H.

Conover, where he remained three

years. He attended a course of medi-

cal lectures during the winter of 1858

—60. After this he located at Peters-

burg, V. S., (now Saltville, Tennessee).

He established himself as a physi-

cian, and soon secured a good prac-

tice, which he continued until the

winter of 1865, when he went to New

York to attend a course of lectures

given by Professor Frank Hamilton.
